

Liberty Hill ISD Office of Communication News Release For Immediate Release: September 21, 2021

Please join me in welcoming Scott Stansbury to Liberty Hill ISD. Mr. Stansbury will be joining our team as the Executive Director of Technology.

Mr. Stansbury is coming from Round Rock ISD where he served as the Director of Technology Infrastructure for 8 years. During his time at Round Rock ISD, he was responsible for overseeing the technology used by students and teachers throughout the district and for ensuring the availability of technology services. He was also responsible for managing large-scale projects, including those associated with the district's technology bond programs and was involved in implementing risk mitigation strategies as part of the district's cybersecurity program. Before moving to Round Rock ISD, he worked for the State of Texas for 17 years serving in various roles starting with technical support and systems administration and ending his career at the State as a portfolio manager and solutions architect. Mr. Stansbury understands the importance of technology in supporting instruction and student achievement and is excited to apply his experience to our rapidly growing district.

Mr. Stansbury has a Bachelor of Science degree from Texas State University and is a Registered Texas School Business Administrator. He is an active TASBO member and has presented on a process improvement and problem-solving framework tailored for education that he co-created while in Round Rock ISD. He spends a great deal of time in personal and professional development and is an avid reader.

"I am extremely excited and can't wait to roll up my sleeves and begin assisting Liberty Hill ISD with its technology needs. I have had the opportunity to work for several large organizations and I'm ready to apply what I've learned over the years to help Liberty Hill ISD grow and excel. The technology staff have done an outstanding job of supporting the district's technology needs, and I am looking forward to leading such a qualified team. The district leadership and staff have been so supportive and they have made me feel so welcome. I want to thank Mr. Snell and the School Board for this opportunity," said Stansbury.

Mr. Stansbury and his wife, Jennifer, recently became empty nesters and are adjusting after years of being actively involved and bouncing between volleyball tournaments and high school band events. Their daughter, Allyson, is a recent graduate from Sam Houston State University and is a first-year 7th-grade math teacher and athletics coach in Huntsville ISD. Their son, Nathan, is a sophomore at Stephen F. Austin University and is majoring in sound, recording and technology.
